Prior to June 30, 2013, all bids, request for proposals, request for qualifications and contract awards have been posted on the Santa Cruz Valley Union High School website. While vendors could download solicitation documents, there was no way for the District to track vendors that download these documents or to automate the solicitation notification process. As of July 1, 2013, the District has partnered with AZPurchasing.org to post all of its bid documents and to expedite contract award notification to our vendors.

Arizona Purchasing is a website dedicated to Arizona School Districts for the purposes of developing a central and statewide prospective bidder's list, posting solicitations and requests for quotations online and to more effectively disseminate solicitation information to the vendor and educational buyer communities. The mission of Arizona Purchasing is to provide Arizona school districts with web based tools to more efficiently manage prospective bidders and solicitations whereby providing effective communication to the vendor community.
