

Anne Decker

Anne served on the Eloy Elementary School Board for 28 years. Her strong student advocacy leadership influenced the inclusion of student interest classes at Eloy Elementary.

She worked at Santa Cruz as school nurse from 1984 – 2010. She was a mother figure to every child who walked into her office. She knew and kept secrets and offered help and encouragement to any child needing attention. Anne provided spiritually, emotionally, and financially for her students in need.

Administrators grew to appreciate her insight and understanding of the student community.

Anne as the epitome of the student advocate.
